

MSG - STABLEHOPPER price list 01/2018

Technical data / version / weights / prices net VK

All data for vehicles with 3.5 tons total weight, driving license B

TYPE	POWER	EMPTY WT.	LOAD	PRICE (EUR)	LEASING p.m.
Sport „superlight“	160 HP	2.085 kg	1.520 kg	44.900,00	399,00
	This worldwide lightest and at the same time extremely robust model offers supreme equipment. This model is 5.400 mm long, has a standard cab without extension and shortened tack room, the horse compartment being identical in construction to other models.				
Sport „superlight plus“	160 HP	2.215 kg	1.390 kg	46.900,00	399,00
	Vehicle fully equipped with air conditioning, full foliation AHK, etc.				
Sport „light“	160 HP	2.355 kg	1.250 kg	46.900,00	399,00
	Our best-selling model for sports riders with larger space requirements. Extended cab, huge tack room with practical separation to the horse compartment. Fully equipped. Alternatively with access to the horses via sliding door.				
Stallion „light“	160 HP	2.505 kg	1.100 kg	48.900,00	449,00
	Vehicle for freight forwarders and studs. Small tack room.				
Surcharges:	Chassis Opel Movano 170 HP automatic €3.000				
Trailer T1 „superlight“		1.190 kg	1.385 kg	22.900,00	199,00
Trailer T2 „superlight“		1.270 kg	1.305 kg	25.899,00	249,00
	Trailer with the same equipment as the towing vehicle. T2 with small living compartment at the front. T1 in the front with storage space.				

Extra load, e.g. if you drive extremely heavy horses like cold-blooded horses, this is possible without extra charge. But extra load is no viable alternative long term, since the basic vehicle is simply not built for it. If you require a significantly higher load, we would be happy to make you an individual offer based on 6 to 7.49 ton chassis. Unladen weight without driver and tank filling. Load incl. 3 % weighing tolerance. Prices plus VAT. Leasing rate without down payment. The monthly rate may change slightly depending on creditworthiness.
